

Vaccine Assist Programme

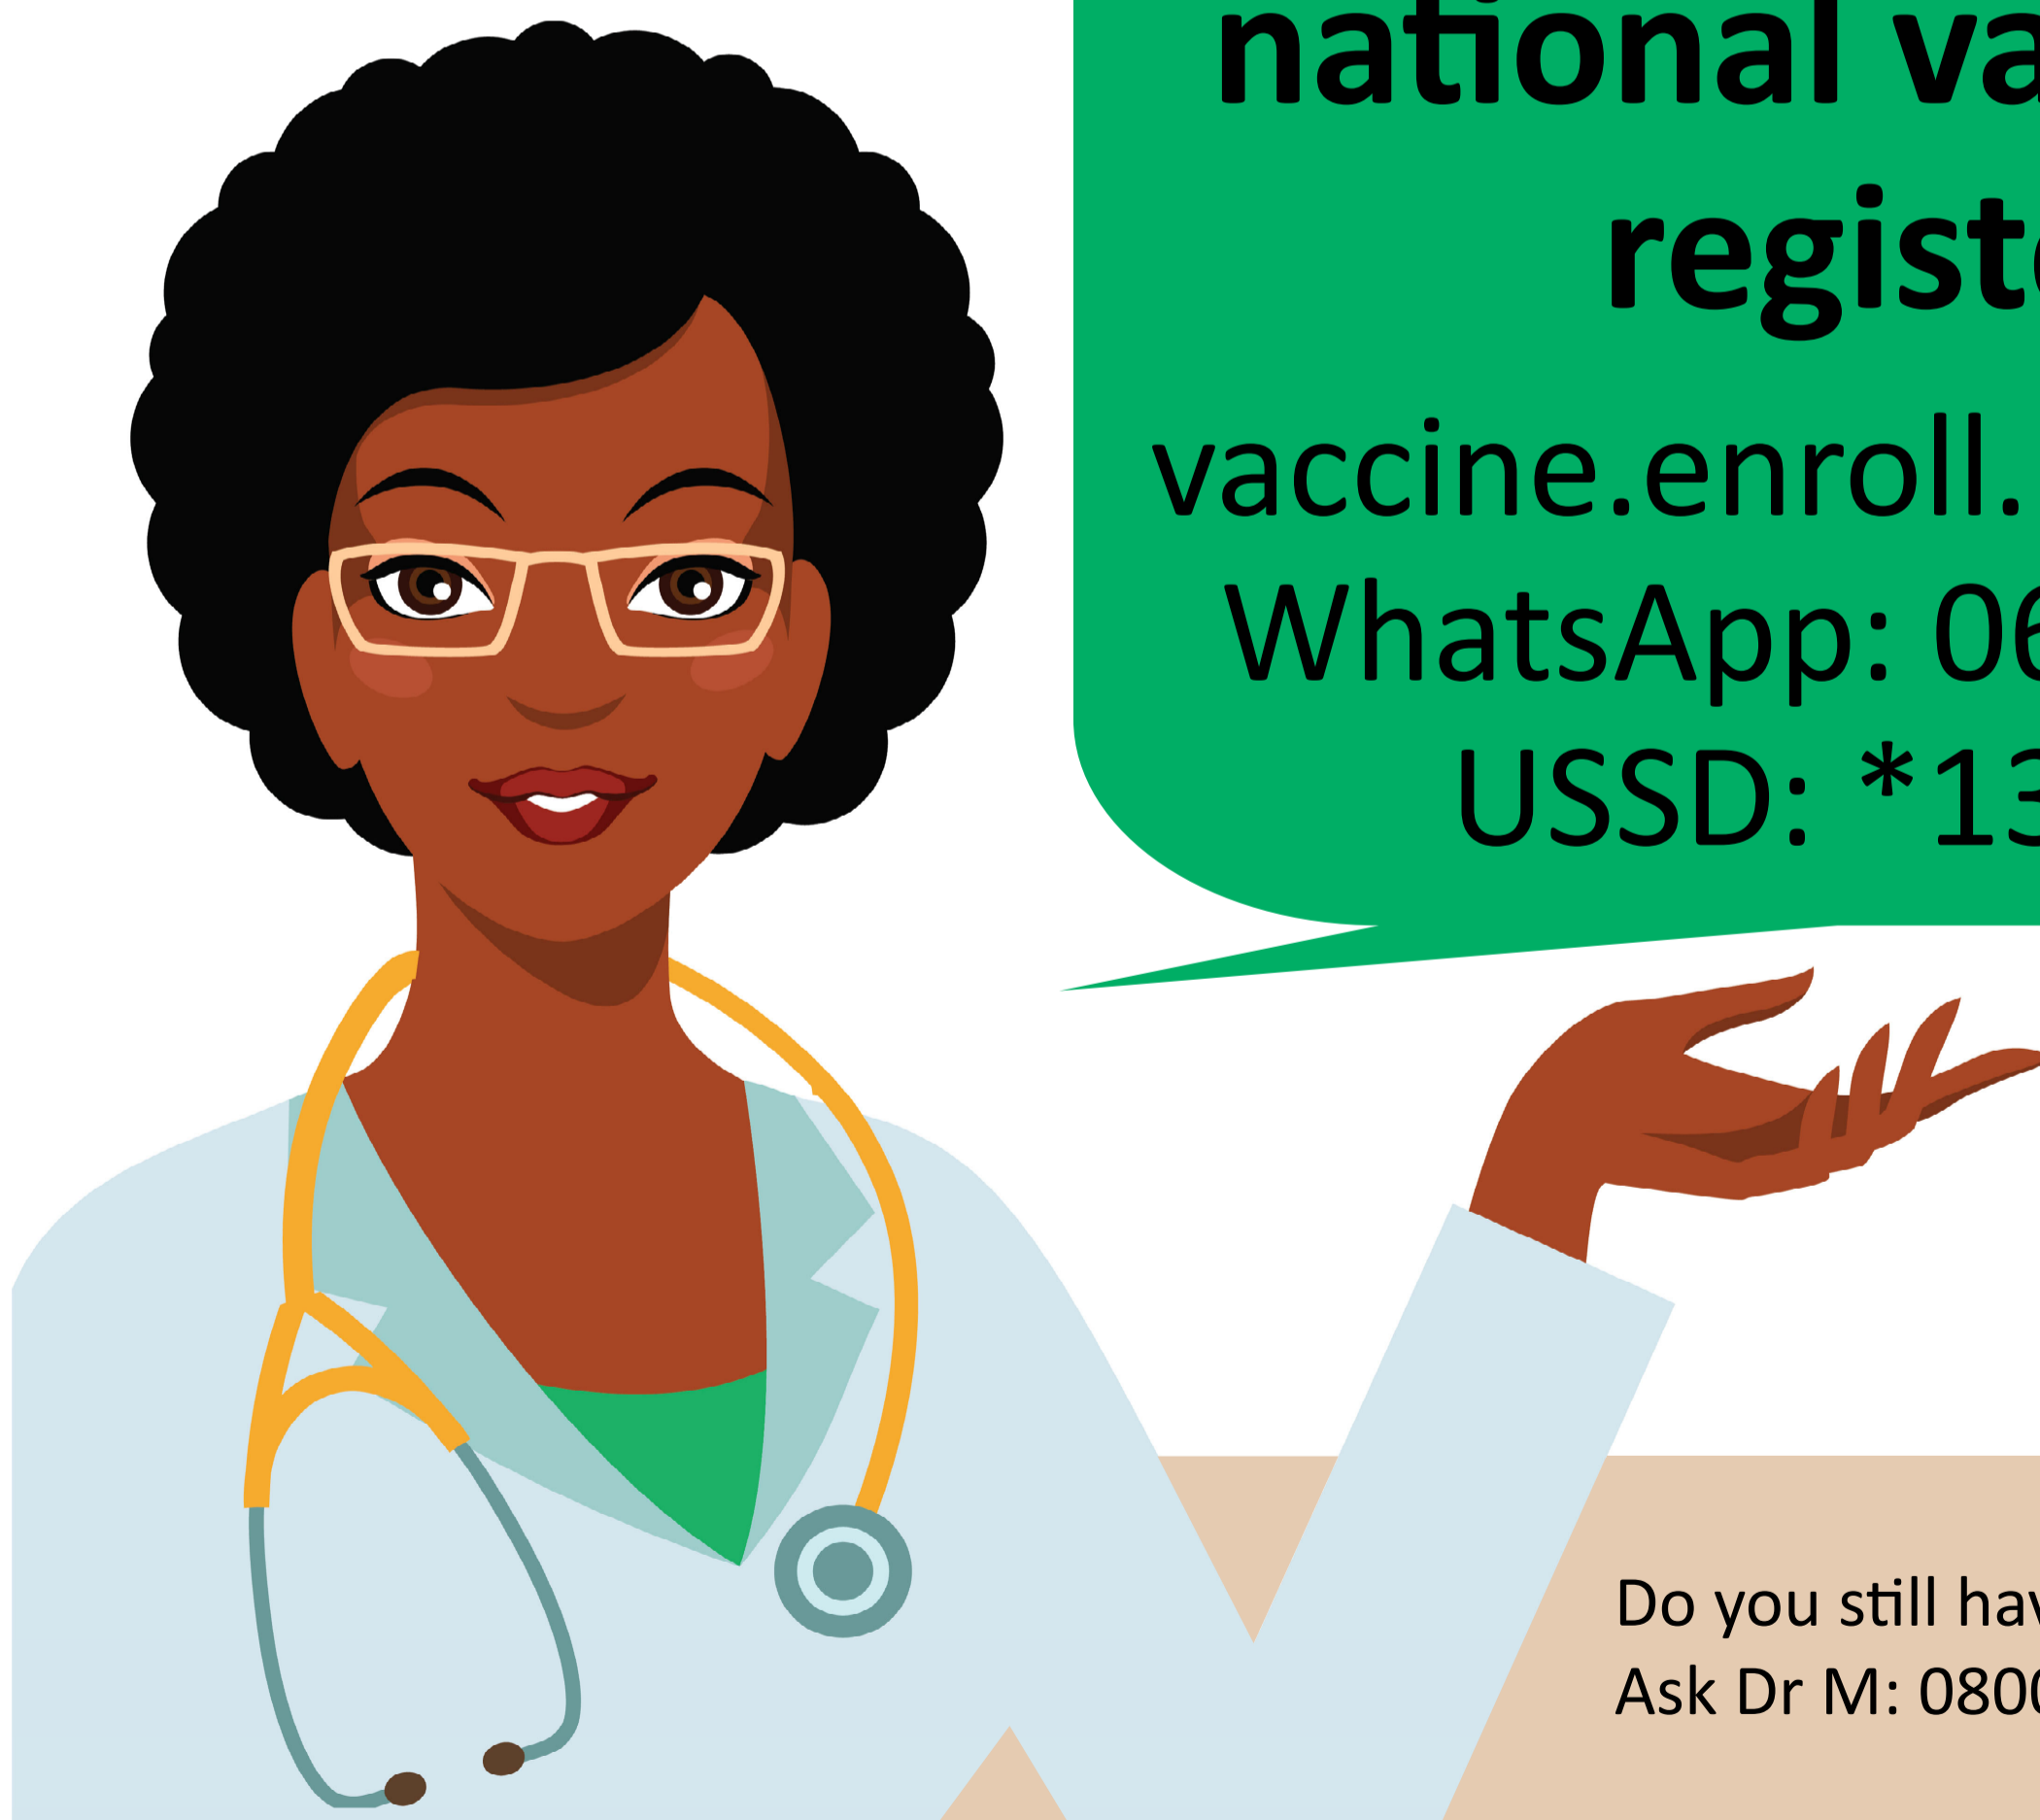

Where do I get my vaccine?

The South African Government hopes to vaccinate 41 million adults by the end of February 2022

Vaccines will be administered at public and private vaccination centres throughout the country

All South Africans who want to be vaccinated against COVID-19 must register on the national Electronic Vaccination Data System as they become eligible

You will find the
**national vaccination
register at**
vaccine.enroll.health.gov.za
WhatsApp: 0600 123 456
USSD: *134*832#
